

Antiplaque Mouth Rinse

For effective and convenient patient oral hygiene care

Medline's new Antiplaque Mouth Rinse with 0.12% chlorhexidine digluconate (CHG) and xylitol:

- Improves the oral hygiene of patients
- Leaves patients with clean, fresh and pleasant breath
- Contains xylitol, which enhances the antiplaque activity of CHG.

Other features include:

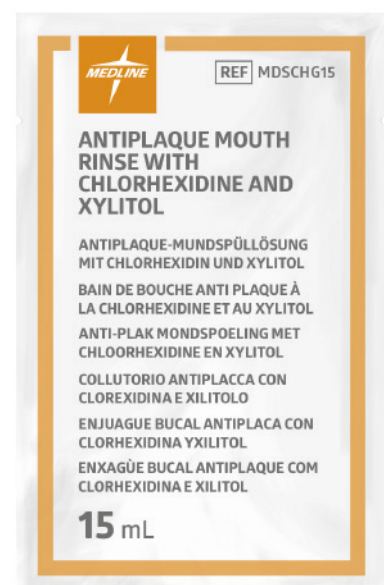

- User-friendly packaging for easier opening
- Available as a single dose—15 ml
- Suitable for use with Medline's solution-free oral care trays and 24-hour kits (MDS09651300EU, MDS09657200EU, Q400 and Q800)
