

Surgical Clipper

Designed for safety, convenience and efficiency

**Trusted
preoperative
hair removal**

Designed with purpose

High-grade steel blades | Powerful motor | Extensive usability testing

Easy to use and intuitive

Designed for patients

- Single-patient-use disposable blades for sharpness and safety
- Moving blade kept away from patient's skin to reduce nicks and cuts
- Can be used wet or dry
- Effective on multiple hair types

Designed for clinicians

- 'Grip-like-a-pen' ergonomics for comfort and control
- Easy-on/easy-off disposable blades for single-patient use

Designed for simplicity

- Simple, one-switch control

Designed for performance

- Nickel-metal hydride battery for longer continuous performance

Designed for outcomes

- Water-resistant and therefore easy to disinfect

Designed for a natural grip and optimal cutting angle

Easy-on/easy-off clipper head with alignment marks for secure attachment

Works wet or dry for simple cleaning, disinfection and use

Designed for versatility

- Disposable blades available for sensitive areas, general purpose and coarse hair types

Narrow Blade

Universal Blade

Neuro Blade

Close Shave Blade

Cutting-edge shaving

Medline's Surgical Clipper Blades delivers a better shaving experience for both patients and healthcare staff.

Blade angles downward to provide a closer cut.

Blade effortlessly shaves stubble.

Stainless steel blade resists rust.

One clipper model to cover all your clipping needs!

The switch to Medline's Surgical Clipper can be more economical than you'd imagine, whether you're using a competitor's clipper or a traditional razor.
