

Medline's scrub suit range

Comfortable and durable apparel for healthcare staff

**Your
complete
scrubs solution**

Medline scrub suits

No matter your scrub suit need, Medline has the right products for you!

Medline has been manufacturing and delivering staff apparel for over 40 years. This experience has given us profound expertise in always meeting or exceeding infection control protocols and providing you the comfort you need to handle the pressure of an intense day.

We know how much you rely on reusable and disposable apparel to keep your staff comfortable and your patients safe, and that is why we offer a broad range of scrub suits to give you the choice you deserve.

Consistent product quality

Our scrub suits offer you consistency in appearance, colour and design, and are available in a wide variety of sizes. Enjoy a clean and comfortable product every day, whether it is brand new or freshly laundered.

Low-linting properties

Medline scrub suits are made of exclusive and rigorously tested fabrics that have lower-linting properties. Our disposable scrub suits are made of low-linting, non-woven fabrics. The reusable scrub suits are made of a 65% polyester and 35% cotton blend, which is recognised for its low-linting features, especially compared to blends with a higher cotton content.

Colour variety

Medline scrub suits are available in a variety of colors, which allows you to implement a colour-coding system for visitors or different types of healthcare professionals around the hospital. The reusable range has a colour-coded collar and drawstring, enabling instant size identification in the laundry room, storeroom and nursing units.

Choose from:

Reusable scrub suits

Durable

WORKS scrubs suits are as stylish as they are durable. These scrub suits are made of a poly-rich fabric that stands up to industrial laundering with less shrinkage and fading. So they fit everyone's style, work and budget.

High comfort

Our reusable scrub suits work as hard as you do. The poly-rich fabric makes our scrub suits soft and breathable. A more generous cut and pant drawstrings allow for extra comfort to help you conquer your day.

Environmental impact

Both eco-friendly and economical, our WORKS scrub suits help you quantify and report on your ongoing sustainability efforts, both financially and environmentally. Our poly-rich fabric also allows for shorter drying time, saving you time and energy. Make the green choice!

Disposable scrub suits

Eliminating dependency on a laundry

A poor laundry service level can mean bad washing quality or delivery delays for much-needed apparel, causing disruption to your daily activities. With disposable scrub suits, you have control of your stock and availability.

Broad range to meet your needs

You can select from three ranges of scrub suits with increasing levels of comfort to match your budget. In addition, you can have clear visibility on your expenses by removing the laundry from the equation.

Flexibility for you and your visitors

Individually packed shirts or pants and sets enable easy mixing and matching of sizes. Each component or set comes in its own PE bag too so you can rest assured that your scrub suit is brand new.

Medline reusable scrub suits

All-day comfort that works for you

Slip into the new standard in operating theatre scrubs.

You're on the move all day, every day. You need scrubs that work as hard as you do. Our new WORKS collection has you covered.

WORKS unisex workday essentials are super comfortable and durable. These scrubs offer greater colour retention, limited shrinking and no pilling. They are made of a low-linting 65/35 polyester/cotton blend and engineered to withstand the rigours of industrial laundering.

Find the colour or size that works for you.

WORKS Unisex Scrub Top

Style 510

- V-neck pullover provides extra room for comfort
- Reversible left chest pocket for storage
- Set-in sleeves for added mobility
- Longer back length for increased modesty

Top 3 reasons to choose Medline

- 1 As a worldwide leader in disposable and reusable apparel, Medline provides stable supply and consistent product quality.
- 2 Medline helps you increase patient safety by producing apparel made of low-linting material.
- 3 Medline offers durable and comfortable apparel, designed in partnership with healthcare professionals.

Warm-Up Jackets

1 Reduce costs

During the winter months, you may see an increase in the use of sterile surgical gowns because staff often wear these for extra warmth. By offering Warm-Up Jackets, you can help reduce costs while helping your staff comply with hygiene protocols.

2 Keep your staff warm and comfortable

Medline's reusable and single-use Warm-Up Jacket ranges are designed with materials that ensure a high level of comfort while keeping your staff warm. Additionally, they feature an intuitive design with a gentle knit collar, cuffs or elastic wrists, and handy pockets.

Reusable Warm-Up Jacket range

Soft long-sleeved Warm-Up Jacket range

Essential long-sleeved Warm-Up Jacket range

Essential three-quarter sleeve range

Essential short-sleeved range
