

EasyBath® Fresh Bathing Cloths

Offer your patients an exceptional bathing experience

Medline's EasyBath Fresh Bathing Cloths offer a solution that is impregnated with a gentle no-rinse formula, which leaves your patient's skin feeling smooth and healthy. Each cloth cleanses and moisturises their skin, eliminating the impact of traditional harsh soaps and rough towels.

Within each pack, there are eight cloths to help clinicians cleanse the eight key areas of their patient's body. This step-by-step protocol helps enhance dignity, so that patients can remain covered, except for the specific area being cleansed.

Benefits and features

- Cleans, moisturises and soothes
- Helps balance pH levels
- Contains aloe vera
- Hypoallergenic
- Alcohol-free
- Fragrance-free
- Chlorhexidine gluconate (CHG)-compatible
- Rinse-free
