

SAFE SURGICAL HAND PREPARATION.

Medline offers a high-quality portfolio of surgical scrub brushes for optimal and secure surgical hand preparation. Our scrub brushes help reduce the risk of irritation or damaging the skin thanks to their soft bristles. Medline offers dry sterile brushes and impregnated brushes, which evenly dispense the antiseptic solution.

Our portfolio of scrub brushes offers:

- » Easy-to-open packaging for wet or dry hands
- » Dry sterile or wet brushes impregnated with chlorhexidine gluconate (CHG)
- » Easy-to-use wall-mounted dispensers.

THE RIGHT SURGICAL SCRUB BRUSHES FOR SAFE SURGICAL HAND PREPARATION
