

Science  
+ Nature

MEDLINE REMEDY®

# THE SCIENCE & NATURE OF REMEDY

The primary mission of Remedy focuses on managing dry skin. Remedy is formulated to help maintain conditions need for normal healthy skin.

## 01 NOURISHING & SOOTHING

Naturally abundant blue-green algae is extremely rich in proteins, vitamins, antioxidants, essential fatty acids and carbohydrates.<sup>12</sup>

## 02 MOISTURISING

Yeast Extract<sup>3</sup> & Soy Proteins<sup>4</sup> and polysaccharides from the yeast extract have qualities that promote moisturisation. As film formers, soy proteins are natural humectants, helping moisturise the skin's surface.<sup>5</sup>

## 03 APPLICATION TECHNOLOGY

Encapsulation helps stabilise Vitamin D to permit more efficient application to the skin surface. Since encapsulation causes a small electric charge, it is naturally drawn to the skin which has a negative charge.

## 04 PROTECTING AGAINST FREE RADICALS

Hydrolysed Soy Protein, Green Tea Extract and Clove Flower Extract are antioxidants. These help soothe and comfort skin, reducing stress.

# THE CHALLENGE OF SKIN CARE

Sometimes we forget that skin is our largest organ. It's a remarkably durable and self-sustaining system. But like every part of the human body, the skin faces considerable health challenges in different stages of life.

As skin ages through time or photoexposure, it produces less collagen and elastin, key building blocks for healthy skin. The most obvious changes are dryness, loss of elasticity, sagging skin and loss of tone. These factors, in turn, cause elevated proteolytic activity leading to redness and provoking other undesirable changes in the skin.<sup>6,7,8</sup>

## MEDLINE REMEDY MEETS THE SKINCARE CHALLENGE

Representing the latest advances in skincare technology, the Remedy skin care line provides an arsenal of products to meet the ongoing demand for more effective skincare solutions. With a special blend of core ingredients, the entire line has been developed to nourish and soothe skin, provide moisture, and help protect skin from damage.

## WHAT IS IN REMEDY?

**Hydrolysed Soy Protein<sup>4</sup>, Yeast Extract<sup>3</sup>, Vitamin D<sup>9</sup>**  
These are all humectants derived from nature to moisturise skin.<sup>5</sup>

**Blue-Green Algae Extract**  
Soothes and refreshes with vital nutrients including proteins, vitamins and antioxidants.<sup>12</sup>

**Green Tea and Clove Flower Extract**  
These two ingredients are naturally high in antioxidants to soothe and comfort skin.

**Natural Oils and Extracts: Calophyllum Tacamahaca Seed Oil, Santalum Album (Sandalwood) Extract, Phellodendron Amurense Bark Extract and Hordeum Distichon (Barley) Extract**  
Rich in antioxidants to help condition skin.

**Borago Officinalis Seed Oil**  
A single source of eight beneficial fatty acids including gamma-linolenic acid (GLA).

**Phospholipids**  
Cleanse and condition the skin without stripping the skin of its natural oils.

**A proprietary blend of beneficial botanicals are at the heart of each PhytoPLEX formulation**

## WHAT'S NOT IN REMEDY?

**Parabens**  
Studies have shown evidence of parabens as endocrine inhibitors, however, there is considerable debate over its safe use. Some clinicians prefer other preservative methods.<sup>10</sup>

**Sulfates**  
This commonly used cleansing agent has the potential to dry out and irritate skin. Typically present in high sudsing products.<sup>11</sup>

**Aloe**  
Although it is widely used as an emollient, aloe may cause allergic reactions in some patients.<sup>12</sup>

**Phthalates**  
Several studies link phthalates with negative health side effects.<sup>13</sup>

# MOISTURISING BARRIER CREAM.

# The Science + Nature of Moisturising Barrier Cream

Medline Remedy Moisturising Barrier Cream is not only silicone-rich, it has all the benefits of the Remedy formula. Remedy Moisturising Barrier Cream provides a smooth, breathable film that moisturises, nourishes and protects skin.

For longer lasting benefits, this product also contains complex naturally-occurring phospholipid "capsules" from safflower plants. As these capsules break open, they provide lasting delivery of natural oils.

## A CONVENIENT WAY TO MAINTAIN MOISTURE

- + Moisturising Barrier Cream contains a 24% silicone blend to help reduce moisture loss.

## Moisturising Barrier Cream

CREATES A BREATHABLE FILM TO MOISTURISE, NOURISH, RESIST, PREVENT MOISTURE LOSS AND PROTECT

> 24% silicone blend helps resist moisture loss

Improves the appearance of dry, itchy skin while providing moisturisation

Rich in oleosomes: naturally encapsulated safflower oils that release their natural oils over time

Cosmetic formulation

Nourishes skin with the proprietary Remedy blend of botanicals

Hypoallergenic, non irritating, non sensitising and dermatologist tested

### FRAGRANCE FREE FORMULA:

Aqua, Cyclopentasiloxane, Divinyldimethicone/Dimethicone Copolymer, PEG/PPG-18/18 Dimethicone, Dimethicone, Dimethiconol, Sodium Chloride, Propanediol Lauryl PEG-9 Polydimethylsiloxyethyl Dimethicone, Phenoxyethanol, C12-13 Pareth-23, C12-13 Pareth-3, Cyclotetrasiloxane, Carthamus Tinctorius (Safflower) Oleosomes, Dimethicone Crosspolymer, Tocopheryl Acetate, Borago Officinalis Seed Oil, Dipotassium Glycyrrhizate, Dimethylcyclosiloxane, Hexyldecanol, Glycerin, D-Glucono-1,5-Lactone, sodium Benzoate, Sodium Hyaluronate, Aphanizomenon Flos-Aquae (Algae Extract), Yeast Ferment Extract, Ethylhexylglycerin, Hydrolyzed Soy Protein, Bisabolol, Cetylhydroxyproline Palmitamide, Stearic Acid, Eugenia Caryophyllus (Clove) Flower Extract, Camellia Sinensis (Green Tea) Leaf Extract, Tocopherol, Potassium Sorbate, Brassica Campestris (Rapeseed) Sterols, Imidazolidinyl Urea, Zea Mays Oil, 7-Dehydrocholesterol, Caprylic/Capric Triglycerides, Phospholipids, Tetrasodium EDTA

Gentle enough for use on the most fragile skin, suitable for diabetics and geriatrics

▶ ALSO AVAILABLE IN SINGLE USE PACKETS

**MSCE092534PK**  
2 mL  
144/box

# 24% SILICONE BLEND

**FRAGRANCE FREE**  
**MSCE092531**  
30 mL  
48/cs

**FRAGRANCE FREE**  
**MSCE092534**  
118 mL  
12/cs
